

Robert H. O'Holla is Vice President of Regulatory Affairs – Medical Devices and Diagnostics Group for Johnson & Johnson. He began his career in Regulatory Affairs in 1975 after spending several years in both medical device and drug development. During his career, he has held both Regulatory and QA positions with manufacturers of medical equipment, implants, and sterile disposables.

Mr. O'Holla is very active with AdvaMed in the areas of product approval and FDA legislation. AdvaMed recently honored Bob as an "AdvaMed Achiever" in recognition of his outstanding contributions to the work of the Association and on behalf of the industry.

In 2002, Bob was awarded the Richard E. Greco Award. This award is the highest honor bestowed by the Regulatory Affairs Professionals Society. The award recognizes outstanding leaders who have made significant contributions to the regulatory affairs profession and to RAPS and who show personal involvement and commitment in their personal lives. He is currently Chairman of RAPS and is a member of the FDLI Medical Devices Committee.

He holds a Bachelors Degree in Biology from Upsala College and an MBA in General Management from Fairleigh Dickinson University.
